National Disability Employment Awareness Month

This year marks not only the 75th observance of NDEAM, but also the 30th anniversary of the ADA. Both milestones are being commemorated with a range of events and activities centered on the theme "Increasing Access and Opportunity."

"Ensuring that America's workplaces continue to include and accommodate people with disabilities will be an important part of our economic rebound," said U.S. Secretary of Labor Eugene Scalia. "Looking ahead, the Department will remain focused on the policies that led to a strong economy and record-low unemployment rates for persons with disabilities prior to the pandemic. A vigorous economic rebound and job growth will, alongside the Americans with Disabilities Act, increase access and opportunity for Americans with disabilities."
