Exceptional Work by Our Staff!

It is not fun to toil away at your job and not get noticed. Our SC Human Affairs Commission staff continues to diligently work on questionnaires, charges, investigations in employment and housing, trainings and community relations.

Our staff continues to make calls, send emails and mail letters all while working remotely. No one knows that many of our staff members work well beyond 5:00p.m., answering emails, writing letters, or discussing ideas on how to use technology to help the citizens of this state. Staff members - you are appreciated and your work is not in vain. Listed below are just a few of the accomplishments of our wonderful team:

- In EEO Enforcement news for State Fiscal Year 2020, the monetary value of settlements is approaching 2 million dollars.
- Community Relations has doubled its output of monthly newsletters and is now sending out newsletters twice each month.
- Intake has made the most drastic change during this pandemic and they have successfully handled the technology transition.
- Housing has had a smooth technology transition and continues its work.
- Technical Services & Training has completed its Pregnancy Accommodations Act outreach plan and is working with Webex to help our agency with video conferencing, webinars, etc.
